How Hydro Driver Looks When He Is Being Chased In Southland

This remarkable action shot, believed to be the first color presentation of its kind in an American newspaper, shows Don Starr, WFLA-TV newsman, driving Gty Lom-

bardo's 280-cubic-inch hydroplane, Tempo, at Lake Maggiore, scene of the Southland Sweepstakes Regatta today and Sunday. That's Cheri Petti, New Jersey, trying to overtake

Tempo in a 145-cubic-inch hydroplane. For details on Starr took picture of himself, see Page 3-C; for more on Southland Regatta, see Page 1-C.
